# CNS 2024 upcoming deadlines and reduced fees

OCNS, Inc is a US non-profit, 501(c)(3) serving organization supporting the Computational Neuroscience community internationally.

We seek sponsorship from corporate and philanthropic organizations for support of student travel and registration to the annual meeting, student awards, and hosting of topical workshops. For more information about how you can contribute, please email [sponsorship@cnsorg.org](mailto:sponsorship@cnsorg.org)

Abstract submission deadline: **March 11, 2024**

CNS\*2024 participants from low and middle income countries are eligible for reduced registration fee, see <https://www.cnsorg.org/cns-2024-registration-fees>

Reduced fees are sponsored by the Brazilian National Council for Scientific and Technological Development:

Additional CNS\*2024 event sponsorship by:

# CNS\*2024 in Natal, Brazil

Cesar Renno Costa, Federal University of Rio Grande do Norte, Natal, Brazil

The 33rd Annual Meeting of the OCNS will, for the first time, come to Latin America. We warmly invite you to visit Natal, the Brazilian capital of the sunshine, on July 20-24, 2024.

Natal is a tourist jewel. It is ranked second as the most aspiring traveling destination among Brazilians, just behind Rio de Janeiro. Natal is among the preferred places for national conferences because of its well-established touristic infrastructure, with various lodging options available for all budgets and many possibilities for eating, relaxing, and exploring.

Our event will take place at the Praiamar Hotel, at the heart of the Ponta Negra district, just a few meters from the beach, with a view of the iconic Morro do Careca.

For those worried about the heat of the tropics, July is winter down here. The temperature barely crosses 30 degrees Celsius (86F) while the constant breeze, attracting kite and windsurfers from around the globe to explore our beautiful coastline, and the occasional light rain, which will not spoil your experience, provide a pleasant sensation.

For those eager for adventure, Ponta Negra Beach is a great place for learning surfing, and July is the right time. Our beach is the home of Jadson Andre, a "Brazilian storm" pioneer. It often has the presence of Italo Ferreira, the first Olympic gold medalist in surfing. The beach's unique geography also provides a perfect spot for safe swimming, snorkeling, and stand-up paddling.

For those who would instead explore the coastline, there is a range of one-day dune trips on the traditional "bugres" or with very comfortable all-terrain vehicles. For those that prefer to revere nature, secluded beaches are reachable just on the city's outskirts.

As a historical heritage, you can also visit one of the first Portuguese fortresses of our colonial period or check out where the US established a hydroplane terminal that played an important role during WWII.

Brazilian music and dance concerts always exist for those looking for culture and arts. Important names such as Caetano Veloso and Gilberto Gil occasionally play at the Teatro Riachuelo, one of Brazil's most modern concert halls. If you want to experience different food, expect diversity. You will find many seafood dishes, meat and cheese, and tropical fruits you will

only find here, such as Cajá and Mangaba. Vegetarians and vegans will not have a hard time finding savory food.

Natal can be a paradise, but it is not only about leisure. It is also home to two prominent Brazilian neuroscience institutions: the Brain Institute of the Federal University of Rio Grande do Norte, our host for next year's meeting, and the International Institute of Neuroscience of the Santos Dumont Institute. We expect in-depth discussions with local

computational neuroscientists and experimenters working with the native marmosets, our event's mascot.

Natal is also very conveniently located for those coming from abroad. It is the closest city from South America to Europe and is well connected with major Brazilian hubs.

We hope you feel tempted and join us in this memorable meeting.  
Cesar Renno Costa

# Changes to the OCNS Board of Directors

As a result of the 2023 member elections, new director positions were announced. You can see the full list at <https://ocns.memberclicks.net/board-of-directors>

Newly elected Directors:

Kerstin Lenk  
*Graz University of  
Technology*  
Deputy Social Media Chair

Alberto Mazzoni  
*Scuola Superiore Sant'Anna*  
Deputy Tutorials Chair

Robert McDougal  
*Yale University*  
Deputy Webmaster/  
Infrastructure Chair

Michelle Moerel  
*Maastricht Centre for  
Systems Biology*  
Travel Awards Chair

Rodrigo de Oliveira Pena  
*Florida Atlantic University*  
Deputy Membership Chair

Athanasia Papoutsis  
*IMBB*  
Deputy Workshop Chair

César Rennó-Costa  
*Federal University of  
Rio Grande do Norte*  
Local Organizer

Ankur Sinha  
*University College London*  
Deputy Newsletter Chair

# Sponsorship Opportunities

Our meeting draws about 500 attendees from a variety of backgrounds: physics, math, computer science, biology, medicine, engineering, and others.

Sponsors from previous years include MetaCell, MathWorks, SpringerNature, BrainCorp, Neuralynx, CRC Press, Bernstein Network, eLIFE, Frontiers, INCF, NSF, MIT Press and many others.

## Suggested Donation levels: \$2k (silver), \$3k (gold), \$5k (platinum)

Contributors will have sponsor name and/or logo in the program and on webpage with a link for further information. Sponsors who choose to send attendees will have access to main meeting, banquet and workshops at no cost (gold/platinum).

Sponsors may opt to exhibit at a table in central foyer, or provide leaflets and posters to be displayed centrally (gold/platinum).

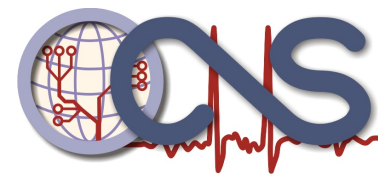

Additional opportunities for specific acknowledgments may include (we will work with you to create a suitable package):

- Advertisements in the program.
- Sponsorship of a specific plenary talk or specific session.
- Sponsorship of a specific workshop or tutorial.
- Sponsorship of the banquet.

## Details

We are a US based 501c(3) not-for-profit organization. Gifts and contributions can be deducted except for amount of waived registration fee. All amounts are in US dollars.

Contact: Max Garagnani and Dimitrios Pinotsis  
sponsorship@cnsorg.org

To renew your membership, login at [cnsorg.org](http://cnsorg.org) to pay your OCNS dues. Please note that renewing with a multiple year membership will reduce your cost.

Member Type	One year	Two years	Three years
Student	10 USD	15 USD	20 USD
Post-doc/not-for-profit employee	20 USD	30 USD	40 USD
Faculty/for-profit employee	50 USD	75 USD	100 USD

Student: Anybody studying toward an undergraduate or graduate degree.

Postdoc/not-for-profit employee: Anybody who is employed as a postdoctoral scholar or postdoctoral fellow, and anybody who is employed in a university lab or non-industry research institute as a technician or research assistant not seeking a degree.

Faculty/for-profit employee: Anybody who is employed as faculty, laboratory head, independent researcher, or in an equivalent position, and anybody who is employed in industry or for-profit institutions.

Retired persons should apply for or remain in their pre-retirement category.
